Hours: Monday — Friday 8:30 a.m. — 5:00 p.m.

Natural resources are very fragile, so please be careful and only drive or camp on dry, solid surfaces. **Fire danger is high on the forest during hot, dry conditions such as recently. Off-highway vehicle users are responsible for knowing which roads and trails are open to motorized use.** Motor Vehicle Use maps, which show those roads and trails open to motorized vehicles, should be procured and are available at local Forest Service offices. All forest visitor and wilderness maps for the Intermountain Region are sold at Union Station (cash or check only), the [National Forest Service](#) store, or some are available at the [USGS online store](#).

For Weber County campgrounds such as Fort Buena Ventura, North Fork or Weber Memorial campgrounds, call 801-399-8491 for information. Forest Service campgrounds on the **Ogden Ranger District** can be located online or by calling the Union Station Information Center (801-625-5306) or the Ogden Ranger District (801-625-5112).

Limited dispersed (undeveloped site) camping is allowed in some areas, if parking is feasible, although when the ground is wet it is strongly discouraged. The hot, dry conditions make fire danger a constant threat. Be especially careful to follow proper practices for any fire or fire hazard activities. Before leaving a fire, be careful to drown it out cold and wet. Dispersed camping around the South Fork campgrounds is never allowed. Please remember for dispersed camping, to **PACK IT IN, PACK IT OUT** when services are not available (trash removal, water, toilets, parking). Please leave sites clear of litter or other debris..
